Hastings offers services and products to UK car, van, bike and home insurance customers, with a vision to be the best and biggest digital insurance provider in the UK insurance sector. The company's headquarters is situated in Bexhill-on-sea and it has operations in the UK and in Gibraltar. Hasting is one of the leading general insurance providers to the UK market, with over 3 million customers.

Hastings operates as an insurance provider with two separate businesses, Retail and Underwriting, via its two main trading subsidiaries. Retail business, operated by Hastings Insurance Services Limited in the UK, is responsible for the end customer pricing, fraud management, product design, distribution and management of the underlying customer relationships. Underwriting business, operated by Advantage Insurance Company Limited in Gibraltar, engages in risk selection, underlying technical pricing, reserving and claims handling.
